YOUR HOME AWAY FROM HOME - IN THE GREAT OUTDOORS

GLAMPHOUSE

Made from sustainable materials
Built and designed in Latvia, EU
5-year warranty

Experience proximity to nature without sacrificing comfort

Use our versatile tent at glamping sites, events, or as a summer house.
Assemble it yourself with no prior experience or request a hassle-free installation by our team for bulk orders.

About Glamphouse tents

Our glamping tents naturally fit into any landscape and can be used in 3 out of 4 seasons. They're designed to be easy to install and dismantle when needed, without professional tools or knowledge.

The unique frame offers stability that's on par with solid structures, and since it can be placed directly on the ground, our tents can be mounted in areas where construction is prohibited.

The installation takes 5 hours with no prior building skills and takes significantly less for experienced DYers.

Exterior colours to best suit your environment

The fabric is durable, breathable, waterproof, and with good light transmission, meaning you'll feel cosy and comfortable, even in remote areas.

Flooring options for tents

Colour options for our frames

Further customise the look and feel of your tent by changing the shade of the metal and wooden frames as well as metal junctions.

Choose eco-friendly paint for wood or any RAL colour for metal surfaces.

Expanding your business? Build your glamping site with us.

You've got the drive and we have the team to make it a reality.
Partner with us to create an unforgettable glamping destination in your local area!
We can help you build your site from the ground up or provide specific services that you need the most.

What we can do for you

- Tent assembly and disassembly
- Landscaping and site consultations
- Construction of key buildings in the vicinity (including the reception, restroom facilities, shared kitchens, farm buildings)
- Visualisations and planning
- Interior design

Become a success story

We're proud to have worked with other camping sites in the past to help transform their offering and unique selling point.

If you're looking for inspiration for your site or are interested in our solutions, talk to us. You're also most welcome to stay at one of our long-term partners to see the tents in action.

"We're so glad we chose Glamphouse tents. They're the most bookable glamping experience at our site - one of the tents even has a bathtub!"

Long-time partner & glamping campsite, Bärtas Krasts
